Methods of Use Thereof

§ Customer No.: 29855

TERMINAL DISCLAIMER

Commissioner for Patents
P.O. Box 1450
Alexandria VA, 22313-1450

Pursuant to Rule 3.73(b) and Rule 1.321, I, Billy C. Allen III, Reg. No. 46,147, represent that I am an authorized attorney of record for the above-referenced application and therefore authorized to act on behalf of the Assignee. The Assignee for the above-referenced application is Polycom, Inc., which owns a 100% interest in the application, as evidenced by the assignment recorded at Reel 010536, Frame 0712.

The Assignee hereby agrees that any part of the statutory term of any patent granted on the above-referenced application that extends beyond the expiration date of U.S. Patent No. 6,693,661 (the '661 patent), as measured in accordance with 35 U.S.C. §§ 154–56, and 173, and with respect to any terminal disclaimer filed with respect to the '661 patent (the "expiration date of the '661 patent"), is hereby disclaimed, except as provided below. It is agreed that any patent granted on the above-referenced application shall be enforceable only for and during such period that any such granted patent is commonly owned with the '661 patent. It is further agreed that this terminal disclaimer applies to any patent granted on the above-referenced application and is binding upon any grantee and/or its successors or assigns.

Application No. 10/719,318
Terminal Disclaimer

However, the Assignee does not disclaim any part of the statutory term of any patent granted on the above-referenced application that extends to the expiration date of the '661 patent, in the event that, before the expiration date of the '661 patent, the '661 patent: expires for failure to pay a maintenance fee; is held unenforceable; is found invalid by a court of competent jurisdiction; is statutorily disclaimed in whole or in part; is terminally disclaimed under 37 C.F.R. § 1.321; has all claims canceled by reexamination certificate; or is reissued in any manner.

Respectfully submitted,

Billy C. Allen III
Reg. No. 46,147
